A Message From Your CSLEA President

As I look over the November CSLEA Alert , I can't help but to be proud of the work you do to keep Californians safe. We have such a tremendous group of members who provide such a wide variety of public safety and

consumer protection. Despite massive budget cuts, Californians don't know what they're missing because all of you have stepped up and are doing more with less and still getting the job done.

As we approach the Thanksgiving holiday, let me thank you for the jobs well done. Our investigators, our agents, our officers, our dispatchers, our inspectors, our firefighters, our licensing registration examiners, our criminalists, so many groups of dedicated professionals

The mission of the CSLEA Consumer Protection & Public Safety Foundation is to empower Californians with the knowledge they need to protect themselves against consumer fraud and public safety threats to their lives and families.
